FOR OUR FULL RANGE OF PRODUCTS

MyWorkwear are one of the UK's leading suppliers of embroidered and printed clothing. Based in Telford, Shropshire, our skilled team produce over 5000 garments per week supplying companies, large and small, from across the UK. We use state of the art embroidery and heat transfer machines to add your logo, name or design onto uniforms, workwear, teamwear promotional items or other garments. We are also able to supply PPE and non personalised clothing should you require.

Our aim is to ensure all of our customers, large and small, old and new, are offered high quality workwear with an outstanding level of service. So whether you're new to workwear, want to look at different options or just need to compare prices with your current supplier, please get in touch with us and let us make you 'Workwear Happy' today.

EMBROIDERED CLOTHING AND WORKWEAR

At MyWorkwear, we use state of the art embroidery machines to efficiently embroider many garments simultaneously. We can stitch your logo, company name or a design on to a range of items to meet your workwear needs.

PRINTED CLOTHING AND WORKWEAR

Multi coloured or single coloured heat transfers are ideal for low volume runs and for garments, like waterproofs, where embroidery is simply not suitable. It can also be a cost effective way of branding apparel for promotions and giveaways.

SIZING SERVICE

There is nothing as frustrating as ordering the wrong size uniform for your team. We like to work with our customers to help prevent this happening and can offer virtual meetings to help your buyers.
